

RUN OUT TO LAKESIDE
Arrangement for Reaching Mr. Ginter's
Beautiful Resort by Car.

ROUTE OF THE NEW LINE.
The Barton Heights Road to Be Ex-
tended to Brook Turnpike, Where
a Depot Will Be Built—Be Finished
in a Month.

An agreement has just been consum-
mated by Major Ginter and Mr. H. Lee
Lorraine, the latter gentleman repre-
sents the Richmond Street-Railway
Company, by which the car-line now run-
ning to Barton Heights will be extended
to the Brook Turnpike.

The contracting parties have an appoint-
ment with Judge Wickham, at the Hen-
rico County Court, to-morrow morning,
when a franchise will be applied for, and
if granted, ground will be broken the
following day, and the road is to be com-
pleted by October 25th. All the railroad
tracks, rails, and poles have been hauled
and everything is in readiness to begin
the work.

UP TO BROOK TURNPIKE.
The line is to be continued through
Barton Heights to Brookland Park Boule-
vard, when it will turn west and be
carried as far as Brook Turnpike. At this
point the car-line will be extended, and
Major Ginter will erect a handsome and
ornamental depot. This will form a sort of
junction, as the street-car line will con-
nect here with Major Ginter's dammy-
line, which will be operated to carry
passengers on to Lakeside Park. This line
will also be extended up Chamberlayne
avenue to Walton avenue, just above
Major Ginter's laundry.

ALL FOR ONE FARE.
According to the terms of the agree-
ment, passengers may be transferred from
any and all of the city lines, from
Manchester and from Chestnut Hill, and
will be carried to this terminus for a
single fare, thus making it the longest,
most pleasant, and cheapest car-line in
or about the city.

Incidentally it may be mentioned that
Brookland Park avenue has been straight-
ened and made 120 feet wide.
The new car-line will cut through the
property of Major Ginter, the J. W. Gor-
don estate, Matt. Gillman's, and the
Brookland School property. All these per-
sons, or their executors, have signed the
necessary documents, granting the right
of right-of-way free of all charge.

FROM ACROSS THE VIADUCT.
Personal and Other Items Gleaned
at Barton Heights.

Mrs. J. H. Garlick, who has been quite
ill for several days, is very much im-
proved.
Mrs. Craddock, has returned to her
home in Lynchburg, after a short stay
with her sister, Mrs. W. T. Rogers.
Major Lewis Ginter has nearly finished
padding and all other necessary work
for laying the electric line extension.

The Tomlinson, Robinson, and Gordon
houses on Barton avenue are to have the
Cleveland finish which is being put up
now.
Mr. B. W. Lacy, son of the late Judge
Lacy, has entered the Baptist college,
and will reside with his aunt, Mrs. Gar-
lick.

Mrs. Samuel T. Gary is organizing a
music class at 24 Virginia avenue. Mrs.
Gary is highly recommended as a music
teacher.
The family of B. A. Hamilton has left
for Atlanta, Ga. His place of business
and his future home.

Mr. H. H. Hamilton has purchased the new
residence, corner Miller avenue and York
street, and will move as soon as suitable
alterations are completed.
Messrs. W. D. Rock and W. T. Rogers
took a trip to Lynchburg last week, and
witnessed the Hill City team beat the
Richmond club at a little game of ball.
Miss Mary Camella Dabney left last
night for Buffalo, N. Y., where she has
gone to spend some time with her uncle's
family, Mr. Charles T. Dabney.

Mr. F. O. Robertson is moving into his
handsome residence on Barton avenue,
which has just been completed. This is
one of the prettiest dwellings on the
heights.
Mr. George Burton left Wednesday for
St. Louis. He expects to make it his
future home, as he has accepted a good
position there.

Mr. Carl R. Tomlinson has moved into
his new home on Barton avenue. Mr.
Tomlinson has been on the heights for
some time awaiting the completion of
his new home.

Rev. R. E. Chambers, a missionary to
China, will preach his last sermon in
this vicinity to-night at Barton Heights
Baptist church, of which he was the
first pastor and recently resigned his-
self to the people of Barton Heights.

The High School opened last Monday
with an increased number of pupils,
and it is fully demonstrated that the
school-house is insufficient. Number of
pupils enrolled to date, 175—boys, 82; girls,
93.

MAY HAVE COOLER WEATHER.
A Change for the Better Is Pre-
dicted to Set in To-Day.
The weather clerk, who has, during the
past few days, been turning on precisely
the sort of weather that no one want-
ed, has at last relented, and issued the
notification that fair to partly cloudy
weather will prevail to-day, with slowly-
falling temperature, southerly winds,
and local thunder-showers, followed by a
cool wave on Monday.

This announcement will be welcomed on
every hand. The damage to the crops
during the sizzard is hardly to be esti-
mated. The community is in a deplora-
ble state, and the loss to the farmers
will undoubtedly be fraught with serious
consequences. Many of our older citi-
zens declare that no such weather has
been experienced in the autumn since the
year 1853.

store-keepers, and persons designated as
clerks in the Internal Revenue Depart-
ment, has just been made known. The
examination was held August 3d, and there
was a large number of competitors for
the position of gauger, how vacant. The
standard was not reached in a single in-
stance, and consequently, there are no
names on the eligible list.
It is understood that a new examina-
tion in this district will be ordered by
the commissioners in the near future.
The examination will be held at the
Richmond office, Mr. A. B. Cook (chair-
man), Frank C. Denoon, and John En-
derson, Jr., secretary. The only person de-
signated as clerk in this district is Mrs.
Dassler, employed in the Richmond office.
She is in office practically for life. It is
believed that most of the deputies will
be placed under civil service before Presi-
dent Cleveland's term expires.

LEXINGTON ODD-FELLOW INCIDENT
Explanation of the Speeches Made
by Messrs. Letcher and Grinstead.
Last week the Virginia Lodge of the
Grand United Order of Odd-Fellows (col-
ored) was in session at Lexington, and
in connection with the meeting this
statement was sent out:
"Tuesday night a public meeting was
held at Randolph Street Methodist church,
at which addresses of welcome were
made by Hon. G. D. Letcher, Grand
Master of the Virginia Odd-Fellows,
and Past-Grand-Master Grinstead.
An eloquent response was made by W.
M. T. Forrester, of Richmond, Grand
Master of the Lexington Lodge. An ad-
dress was made by H. L. Holmes, of Arling-
ton, Grand Master of the Grand United
Order of Odd-Fellows."

Richmond Odd-Fellows were somewhat
stirred up over the above, but a Lexing-
ton telegram explained that Messrs.
Letcher and Grinstead did not welcome
the colored Odd-Fellows as the inde-
pendent Order of Odd-Fellows, or recog-
nize them as such. They welcomed
them as a branch of the Manchester
Unity of England, an entirely different
order from the white Odd-Fellows.

FOR A BICYCLE RACE-TRACK.
Mr. Lorraine Goes North to Gain
Some Information.
Mr. H. Lee Lorraine left for the North
last night, for the purpose of looking
at some of the northern bicycle-tracks.
In order to gain information with regard
to the laying and running of such inter-
prises.

Mr. Lorraine is the prime mover in the
plan to build a race-track at the Ex-
position-ground. To this end he will
gather all the information possible, and
will discuss the project with some north-
ern contractors, and invite bids for the
work, which will begin immediately if his
investigations prove satisfactory.

It is proposed to have night races by
electric-light, on a plan similar to that
which has been so successfully carried out
in Baltimore.

The Ice Mission's Closing Appeal.
It is with great regret that this charity
makes another appeal to the charitable.
It has been most liberally supported this
year, and hoped to be able to get on with-
out any more reminders to the public; but
this fearful spell of weather has caused
so much suffering that all day long ap-
peals are being made for ice, and now the
treasury is empty. It is too hard to have
to turn away those who are heaving just
for a little ice. The following contribu-
tions have been received during the past
week, but all are needed: H. W. B., 2c.;
box at Miller's, 10c.; box at Morris's,
12c.; from State office, contributed by
Rena Strauss, Esther Thibault, Helen
and Belle Block, and Clarence Garst, 51.
Total \$187. Many thanks are given for
the contributions.

Let the mission have money to carry
on the noble work.
Another Virginian Contract.
The Petersburg Iron-Works Company,
of which Mr. C. P. E. Burkway, of this
city, is president, and Mr. T. Morrison,
superintendent, have just received notice
that they were the successful bidders on
a United States contract for certain iron
work at Fort Monroe and Fort Washing-
ton. It is gratifying to hear that the
company are successfully entering into the
field for contract work with the United
States. Formerly all the money from such
improvements was taken up at the North.

Wanted by the Washington Police.
Oscar Weinbeck, a well-dressed man
of pleasant address, who was stopping
at the Lexington with his wife, was ar-
rested yesterday by Sergeant A. M.
Tomlinson, on a telegram from Wash-
ington, saying he was wanted there to
answer the charge of obtaining money
under false pretences. Weinbeck is a
travelling-agent for some kind of an in-
vention, and it is understood that he is
wanted because an article he sold did
not come up to representation. His wife
accompanied him to the station-house.

Reopening of St. Paul's.
St. Paul's church will be reopened this
morning, and the regular services will
be resumed. The interior has been entirely
renovated and repaired, and presents
a very bright and attractive appearance.
The organ is not yet completed, and, as
Rev. Dr. Carmichael leaves for Minne-
apolis to-morrow week, to attend the
General Episcopal Convention (the sessions
of which will begin over three weeks),
it has been decided to postpone the for-
mal opening of the organ until the last
week of October.

Among the Telephone People.
The Home Telephone Company has just
received an order to establish its system
in Newark, N. J., with 300 instruments. It
has recently established its service in Pe-
tersburg, and is doing considerable busi-
ness there already. This company uses
the Mason phones.
The Standard Telephone Company, as
well as the Home, is making a vigorous
fight for telephone privileges in this city.
The Standard has connected one of its
instruments on Main street, where the
service it proposes to give can be tested
by the general public.

Politics in Nottoway.
A gentleman from Nottoway, who called
at the Capitol yesterday, said that it was
pretty well assured that Hon. Robert
Turnbull would be renominated for the
Senate in the district embracing Nottoway
and Lunenburg.
Hon. George J. Hundley would bear
off the honors in the Nottoway and Amelia
convention for the nomination of a candi-
date for the House of Delegates. The
Nottoway masses-meeting for the electing
of delegates to these conventions will be
held at the courthouse to-morrow.

A Banquet for the Players.
Mr. Goodman Davis is getting up a
punch with which to give the Richmond
base-ball players a banquet, and though
the subscription was only started last
night, more than \$30 was subscribed. It
is proposed to hold the banquet either
Thursday or Friday night of this week,
and only the players and their invited
guests will sit down to the feast.

The Jefferson's Managers Here.
Messrs. Ainslie & Webster, the gen-
tlemen who are to conduct the Jefferson,
are in the city, and are the guests of
Major Ginter. They are busily engaged
superintending the packing of the furni-
ture in the hotel, which work is pro-
gressing rapidly, and they anticipate
opening the elegant hostelry next month.

Meeting of Independents.
There was a meeting at 144 east Main
street last night looking after organizing an
independent "house-election" movement.
It is said that there were 75 or 100
persons present. Resolutions of the usual
order were adopted, and it was the sense
of the meeting to put an independent
ticket in the field.
